Artificial Intelligence & Machine Learning

VISIONX PARTICIPANT GUIDELINES

EVENT 1

ROBOGENESIS – AI Robotics Innovation Challenge

ROBOGENESIS is an innovation-driven **AI Robotics Innovation Challenge** designed to inspire students to solve real-world challenges using the power of **Artificial Intelligence and Robotics**. The event provides a platform for participants to ideate, design, and present intelligent robotic solutions capable of creating practical societal impact.

Participants will work in teams to identify critical problems in selected domains and propose technically feasible robotic systems supported by AI, automation, IoT, embedded systems, computer vision, and intelligent decision-making technologies.

Unlike conventional hackathons that focus only on coding, RoboGenesis emphasizes:

- Problem-solving ability
- Innovation and creativity
- Technical feasibility
- Prototype thinking
- Real-world implementation potential

The event encourages students to think like innovators, engineers, and entrepreneurs by transforming concepts into prototype-level solutions through presentations, simulations, hardware models, CAD designs, software interfaces, or demonstration videos.

The domains available for participation are:

1. Open Innovation in AI & Robotics

Teams will pitch ideas, defend their technical architecture, and present working prototype concepts before a panel of expert judges.

EVENT DETAILS

Category	Details
Event Name	ROBOGENESIS – AI Robotics Ideathon & Protothon
Duration	1 Days ,Day 1 9:00-6:00

Team Size	3-4 Members
Category	Details
Registration Fee	₹500 per team
Venue	Parihara hall ,Library
Domains	Open Innovation
Number of Judges	3 Judges
Evaluation Method	Combined score of Round 1 + Round 2

EVENT WORKFLOW

IDEATHON & PROTOTHON

Reporting & Registration

Time: 8:30 AM – 9:30 AM

- Participants complete registration formalities and are grouped based on their selected domain: -Open Innovation

ROUND 1 – IDEA PITCH & TECHNICAL PRESENTATION

Time: 11:00 AM – 1:00 PM

Each team presents their innovative idea in the AI Robotics domain.

Teams Must Present:

- Problem Statement
- Proposed AI Robotics Solution
- Objectives
- Technology Stack
- Working Architecture / Methodology
- Use Cases & Target Users □ Real-World Applications
- Future Scope & Impact

Allowed Technologies

- AI / Machine Learning
- Computer Vision
- IoT
- Embedded Systems
- Sensors
- Robotics
- Cloud Computing
- Automation Systems

Presentation Format

- Idea Pitch: 2–3 Minutes

- PPT Presentation: 5 Minutes
- Q&A Session: 2 Minutes

Evaluation Focus

- Clarity of problem
- Innovation
- Technical depth
- Feasibility
- Real-world impact

LUNCH BREAK

Time: 1:00 PM – 2:00 PM

ROUND 2 – GRAND FINALE (Prototype & Final Pitch)

Time: 2:00 PM – 4:00 PM

Teams will receive preparation time to develop and refine prototype concepts.

Prototype Formats Allowed

- Hardware Prototype
- Software Simulation
- Mobile/Web Interface
- CAD / 3D Model
- Video Demonstration

Final Presentation

- Prototype Demonstration: 5 Minutes
- Q&A: 2 Minutes

FINAL EVALUATION PROCESS

The final score will be calculated based on:

Round 1 score and round 2 score combined

The **Top 2 Teams** with the highest combined scores will be awarded Selected teams will be announced

Valedictory Ceremony

Time: 5:00 PM Onwards Activities

include:

- Winner Announcement
 - Prize Distribution
 - Certificate Distribution
 - Closing Ceremony
-

JUDGING CRITERIA

ROUND 1 – IDEA PITCH & PRESENTATION

Criteria	Weightage Focus
Problem Identification & Clarity	Understanding of real-world issue
Relevance to AI & Robotics	Domain relevance and technical alignment
Creativity & Innovation	Uniqueness of the idea
Feasibility of Solution	Practical implementation possibility
Criteria	Weightage Focus
Technical Depth	Architecture and technology understanding
Presentation Skills	Communication and explanation quality
Q&A Handling	Confidence and technical response

ROUND 2 – PROTOTYPE & FINAL PITCH

Criteria	Weightage Focus
Prototype / Demo Quality	Functional and technical demonstration
Innovation & Uniqueness	Novelty of implementation
Technical Implementation	Engineering and system design quality
Real-World Impact	Societal and industrial relevance
Scalability & Practicality	Future deployment capability
Business Viability	Market relevance and sustainability
Presentation & Q&A	Clarity and technical confidence

GENERAL GUIDELINES

- Teams must register prior to the event.
 - Each team must consist of **3–4 participants**.
 - Participants must bring their own laptops and required hardware.
 - Prototype may be physical or simulation-based.
 - Internet access will be provided only during preparation sessions.
 - Judges' decisions will be final and binding.
 - Teams must adhere to presentation time limits.
 - Any form of plagiarism or copied ideas may lead to disqualification.
-

EVENT FLOW WORKFLOW

EVENT 2

BUILD FOR MYSURU

PARTICIPANT GUIDELINES

Innovation • Technology • Branding • Entrepreneurship

Build for Mysore is an entrepreneurial innovation challenge where participants create and develop a sustainable brand idea specifically designed for the growth and development of Mysore.

The event combines creativity, branding, marketing, business strategy, and startup pitching into an exciting competition inspired by real-world startup ecosystems and investor pitching platforms.

Participants will work in teams to conceptualize a startup brand that can positively contribute to Mysore in areas such as tourism, sustainability, smart city solutions, culture, infrastructure, lifestyle, or local business development.

The competition consists of 2 rounds:

1. Round 1 – Brand Verse

2. Round 2 – Shark Tank

The event focuses on:

- Creativity and Innovation
- Branding & Marketing
- Sustainability
- Entrepreneurial Thinking
- Problem Solving
- Business Feasibility

Team Structure:

- Each team should consist of 3–4 members
- Teams may divide responsibilities such as:
 - ✓ Brand Designer
 - ✓ Marketing Strategist
 - ✓ Business Planner
 - ✓ CEO/Final Pitch Presenter

EVENT DETAILS

Category	Details
Event Name	Build For Mysuru
Duration	9:00AM to 5:00PM
Team Size	3-4 Members
Registration Fee	₹500 per team
Venue	Parihara hall ,Library
Round 1-BrandVerse	Present brand name, logo, tagline & advertisement to judges.
Round 2 – Shark Tank	Full startup pitch as CEO to a panel of investor-judges.
Evaluation Method	Combined score of Round 1 + Round 2

General Guidelines – Build for Mysuru

Registration & Team

Reporting & Registration

Time: 8:30 AM – 9:30 AM

- Each team must consist of 4 members. Individual or pairs will not be accepted.
- All team members must be present throughout the event.
- Every registered team should come and report at the venue on time(8:30 AM) to confirm their registration.
- Participants should not roam around the campus during the event.
- After the registration process and inauguration of the event, all teams will be allotted their respective places by the organizers.
- Participants are requested to remain seated only in the places allotted to their teams throughout the event.
- Team members are strictly instructed not to roam around the venue.

On-the-Spot Work Requirement

- **All work — brand creation, logo design, advertisement, and pitch preparation — must be done entirely on the spot during the event.**
- Pre-designed logos, pre-made advertisements, pre-written pitch decks, or any material prepared before the event are strictly prohibited.
- Any team found using pre-prepared content will be immediately disqualified.

EVENT WORKFLOW

Round 1 – BrandVerse (Brand Building & Presentation)

- Teams must create a brand concept, logo, tagline, and advertisement within the allotted time (60–90 minutes - 10:30 to 12).
- At the end of Round 1, each team will present their completed brand — including the brand name, logo, tagline, and advertisement — to the judges(1Hour - 12 to 1).
- The brand must be relevant to the Mysore region and address a real-world problem.
- AI tools may be used for advertisement creation, but the core brand concept must be original and created on the spot.
- All submitted materials (brand name, logo, tagline, advertisement, and brand description) must be ready by the deadline.
- Late submission of materials may result in mark deductions at the organisers' discretion.

LUNCH BREAK

Time: 1:00 PM – 2:00 PM

Round 2 – Shark Tank (Investor Pitch)

- All the teams should be reported back on time after the lunch for Round 2.
- Teams will present their startup idea as founders/CEOs to a panel of judges acting as investors.
- Each team gets 3 minutes to pitch followed by a 4-minute Q&A session with the judges.
- Teams must strictly adhere to the time limits. Exceeding time may result in marks deduction.
- Pitch content must cover: brand vision, problem statement, product/service overview, feasibility, sustainability, revenue model, and marketing strategy.

Integrity & Conduct

- Teams must register prior to the event.
- Each team must consist of **3–4 participants**.
- Participants must bring their own laptops and required hardware.
- **All brand ideas, logos, and creative content must be 100% original.**
- Any form of malpractice, plagiarism, or use of copied/pre-existing brand identities will result in immediate disqualification.
- Copying concepts from other teams during the event is considered malpractice and will not be tolerated.
- Professional and respectful conduct must be maintained toward judges, organisers, and fellow participants at all times.
- Any attempt to influence judges or interfere with the evaluation process is grounds for disqualification.
- The final score combines Round 1 and Round 2 marks.
- Teams must adhere to presentation time limits.
- Judges' decisions on scoring and shortlisting are final and binding. No appeals will be entertained.

FINAL EVALUATION PROCESS

The final score will be calculated based on:

Round 1 score and round 2 score combined

The **Top 2 Teams** with the highest combined scores will be awarded Selected teams will be announced

Valedictory Ceremony

Time: 5:00 PM Onwards Activities include:

- Winner Announcement
- Prize Distribution
- Certificate Distribution
- Closing Ceremony
